PRUETT FOR DISTRICT JUDGE

In another place in this paper will be found the announcement of Theodore Pruett for District Judge, subject to the democratic primary August 4th next.

Some two months ago, when there was talk of Judge Bailey entering the race for the Supreme Bench, the attorneys of the county signed a memorial or resolution reciting the fact that Grady county had held the District Judgeship for the last seven years and that Caddo county was a county greater in area and having a larger population than Grady and that in fairness and justice Caddo county was entitled to the District Judge this time. Judge Bailey has finally announced that he is a candidate for District Judge. This memorial was signed by all the attorneys of the county except two, not being presented to these two. Later a meeting of the democratic members of the bar was held to decide which attorney should make the race from Caddo county and Representative Pruett was chosen to make the race.

Mr. Pruett is a native of our sister state, Missouri and admitted to the bar in that state in 1897. He came to Anadarko in 1901 and actively entered into the practice of law. He was elected county attorney of this county in 1907, serving in this capacity until January 1911. Two years ago, he was elected to the legislature and served the people to the very best of his ability. He was the author of many important bills and measures of which we shall have something more to say later.
